Where is your Bali Hut taking you?

Let me introduce myself.

I am Hans Rauch and I have an extensive background in the building and construction industry. I've been involved in and managed mostly projects with extensive landscaping, predominantly in the tropical part of North Queensland, for over 35 years. As a supervisor and construction manager, I was responsible for the construction and liaise with clients and sub-contractors, but also working within the budget and deliver the project on time. It needs a lot of skill and a keen eye for detail. At the end of the day, we accept nothing else but to deliver the best. You can achieve this only with years of experience. This goes without saying quality control is a big part of it. And I carry all those skills with me to East Coast Bali Huts and Gazebo's.

I have streamlined the production in the factory in a manner that each single Bali Hut or Gazebo will be of the highest quality time after time. To give you peace of mind and the pleasure to own one for many years to come. I guarantee you that.

East Coast Bali Huts and Gazebos are owned by Hans and Sharna Rauch with over 35 years' experience in the building and construction industry, we endeavour to provide the highest quality in mind.

For those, who'd love to transform their property to their own private peaceful oasis.

Are you ready to live the tropical dream and transform it into reality? Then our friendly staff would love to help you, whether you are ready to purchase, or just brainstorming ideas, we'll be glad to answer any questions you may have and transform it into reality.

Our sales team has more than ten years' experience. They will be delighted to assist you to ensure that you can make a well informed decision.

Hi Sharna,

Bali Hut is now complete, thank you so much for your help along the way. From the first contact to completion, your service has been fantastic. Both you and Hans have talked me through the whole process of selection and construction. The quality of the Bali Hut is first class and my wife and myself are very pleased with the end result. We've had a

number of friends comment on the hut and they've said how good it looks.

We will have no hesitation of recommending you guys to our friends or anybody who might be interested in a Bali Hut. Once again thanks for all your help and it has been a pleasure dealing with you!

Regards, Callum. Baulkham Hills, Sydney.

Hi Hans and Sharna,

A big “thank you” to East Coast Bali Huts, from the moment I made the inquiry, to accepting the quote, I knew they’d keep their word and build on time and to a high standard. We’ve had many projects not go to plan around our home lately and the only thing that went smoothly was our beautiful Bali Hut. Your care, honesty and workmanship is something to be proud of! Your installation team is really great too!!

Cheers, Tracey

Sharon Lambourne, Wynnum West. We absolutely love our hut, thank you East Coast Bali Huts for doing a wonderful job. Your service was second to none, we placed the order and had it erected within a week ready for the party. We are installing blinds for a little privacy for the spa. I'll attach a pic here when we finish. JUST LOVE, LOVE, LOVE IT!!

A big shout out and many thanks to the fantastic team, Sharna and Hans, at East Coast Bali Huts. We now have a great tropical paradise to relax in after work and on weekends. We haven't been out of since it went up! Cat and dog love it too. Cool and waterproof, even through the recent downpours. Nothing like being surrounded by the sound of cascading waterfalls.

Sharna and Hans have been great and full of tips and ideas, as we were the DIY construction team of “Dad and Dave” Alan actually. Easy to follow instructions and precisely manufactured frame meant we had it up with half the thatch on, over a 3 day weekend. Finished the thatching flying solo the following weekend. We highly recommend these guys for service, quality and above all honesty.
